

Joseph Charles Boynton

August 29, 1931 ~ January 28, 2021

We never knew when we built our little green house in St. George the blessing we were going to have in across the street neighbors of Marge and Charlie. They became instant and great friends. We hated to see Charlie move for his last few months but we kept in touch. Charlie was always looking out for the neighborhood. He helped me plant a pomegranate bush and put in sprinklers. We got a few leaves but nothing like his bushels of fruit. He also had the most prolific cactus blossoms we've ever seen. We loved taking Charlie to the movies with us and then hearing his stories after seeing "Midway". He also loved his rueben sandwiches from Firehouse Subs. We miss both Marge and Charlie and think of them every time we round the corner on Hummingbird Dr. They were such a blessing to us and our family.

- Richard and Rosanne Welling

Some of my Favorite memories from childhood were Sunday nights dinners at Grandma's house. It was always more exciting when "Uncle Charlie" was coming. Sorry for your loss, but now he is reunited with his wife. I wish I could see you all. Love Larry and family.

- Larry Boynton

Sorry to hear about Charlie. He was a very good friend. We had many hours on Lake Powell with him and his family. Working with him at mountain fuel was always fun. Love to you Marge and family. Bill and Kaye

- Bill kissell

Marge and Charlie provided the most lovely daughter Deanna as an eternal partner for our son Paul. We love you Marg and Charlie. Our many visits with you in St. George will always be rememberd. God bless the Boynton family. Love K & Faye.

- K & Fatye

Charlie and Marjorie were much loved in our Paradise Canyon (StG) neighborhood. Such lovely, sweet neighbors and friends. Imagine my surprise when I learned that Charlie had moved into my new neighborhood in Washington, Utah after Marge passed away. I got to say hi to Charlie at Christmas and that was a treat for me. I'm glad they can be together again.

- Melissa Ryther

Charley was a wonderful neighbor and friend. If you ever needed any help with anything he was always willing to help or find out how to solve your problems. I always think about him as I drive past his former house in Paradise Canyon. I also have very fond memories of Marge and the fun lunches we had over the years. I miss them both.

- Janet Welsh

So surprised and saddened to hear of Bro. Boynton's passing. With covid we have kind of lost touch with our ward! What a sweet and faithful man! We worked under his competent stewardship as greeters. We visited with him and Marge toward the end of her life. He cared for her with all his heart and physical ability as long as he could. He had invited us to see his cactus in bloom. We will miss him. Know his family will, too. Best wishes to all of his family.

- Lee and JoAnn Johanson

We knew Charlie just a short time but it took no time at all for him to endear himself to us. We learned all we could about cactus, pomegranates and bougainvillea too...he was the master of those things in his yard. We learned how much he loved his family, enjoyed his neighbors and realized, truly, he never met a stranger!! It was an honor to know him, hear his stories, and have quick little visits these last few months. We want to extend our heartfelt condolences to you, his family. We think of him every day we drive up that driveway into the garage and walk in the house. It’s not quite our house yet....we still affectionately call it “Charlie’s house.” Marilyn and Bob Jacobs

- Marilyn Jacobs

We were so lucky to know Charles. It was a pleasure being able to serve him. Our deepest condolences go out to his family. May you find peace knowing he and Marjorie are together again.

- Brandon Henderson

Mountain Fuel Supply- Questar, 1980s-1990s. Charles Boynton, a good man and my favorite boss.

- Frank May
