

## Joseph Elroy Jones

*September 28, 1924 ~ August 10, 2021*

---

Sending love and endless hugs to Uncle Elroy's loved ones. May all feeling the loss at his passing be comforted and filled with peace. I've always had great love and admiration for him and the exceptional life he lived. Until we meet again.

Dear Jones Family, We have been the recipients of the love and generosity of Elroy for many many years. Thank you for all your goodness. We commemorate the wonderful life and amazing legacy of this marvelous choice man. We've made a donation to the Primary Children's Hospital in Elroy's name. All our love.

---

What wonderful memories we have of Elroy . He was truly a guiding example for us to look up to. When he came into our life we were newlyweds just starting out our journey as a family and he and Colleen took us under their wings and showed us what a couple should be like. The love they shared never seemed to weaken as the years past by. We loved listening to Elroy and Colleen sing and enjoyed each Sunday watching them perform with the Tabernacle Choir. The past several years we have continued sharing a friendship with him and Donna. They were so good to reach out to the widows of the ward taking them to dinner and other activities. Through their example we too have tried to stay close with our widows and through it we have been blessed with many choice memories.
