Joseph Kay Papenfuss

April 17, 1934 ~ December 6, 2021

It was a pleasure to have known Joe Papenfuss. We have happy memories of attending his Sunday School lessons, observing him walking frequently, and enjoying his company in our home for the Singles' Family Home Evening. We remember his wife Irene with fondness. Joe's quiet attendance on the back row of our chapel will be missed. We send our love to his family and pray they will find peace.

Sorry I missed the funeral. I developed a cold and felt it best I did not share it. My prayers and thoughts go to his family and friends for this short time we will be parted physically from him. I am sure he'll occasionally visit to check up on us. What a great guy. He always wanted to know what I was up to and how my family was. He didn't just do lip service but kept track and remembered what I had told him in prior conversations. I loved his humor and his warm smile. I'll miss you Uncle Joe. I know you are having a great time now with your wife and son and so many others that have passed.
