Everyone has their own story and I am saddened that I did not personal know Julia as a fellow resident of Summit Vista community. She did reach out to me to wish me a happy 78th birthday in 9/21! I response in an email but here story was coming to a close so we did not have the opportunity to meet. She had a reputation of a warm joyful women and that is how many remember her time between the dash of DOB & DOD! My sincere condolences to her family and many friends who will truly miss her presence in their lives. God Bless her loved ones! Shalom Julia!■■■■■

The Weiser High School Class of 1958 wishes to express our condolences to Judy's family. We remember Judy as a person with an infectious smile that could light up the room. We shared fun and laughter with her on our Class Reunion Cruise to Mexico. She has left us with fond memories.
