

Julie Pickford Lloyd Romph

October 19, 1954 ~ October 6, 2025

Please know that you, Jeff, and family are in my heart and prayers now. I remember sitting in the stands so many times watching hockey games! Also special memories, including Thanksgiving at Sundance. Those moments will always be treasured. Rest in peace and eternal love Julie.

- Tara Thomson

I want to express my deepest sympathies to the entire family of my beautiful little sister Julie. She loved each of you so very much and in our phone conversations would always keep me informed of what was going on in each of your lives. I was so blessed to have such a loving, caring sister. she always took the time to put together wonderful sentimental Christmas gifts by putting together simple things such as old Christmas decorations from our childhood that rekindled so many wonderful memories for me. I’m going to miss her so much, but I take great comfort in knowing that she is reunited with her loving husband Kevin, whom she has missed so much over the last three years!
