Glasker family, I am so sorry for your loss. Trooper was an amazing person. I will never forget watching him coach listening to him cheer (letting an ump know they made a bad call)and jumping in to play any sport. My thought and prayers are with you all.

I wish I could have downloaded the services. I am sure they were nice.

Curtis, Stephen, Jimmy and Troy. I am very sorry for your loss. I know how you are feeling. I lost my brother back in the 2001. I will always miss him. They say time heals all. I dont know about that. Time will help you cope with your loss. As you have already learned and dealt with it. Carla, James and your mom's. Which I was happy to know them. Me and Troop had a great times through our days at West. He was my boy. ■■. We had alot of laughs. I remember we would go to those dancing places and Troy would be with us. All about trying to get the digits. ■ lmao. Good times. Unfortunately as we got older, things changed. I got married had kids. Then got into the coaching mode with my boys. I would see you all one time or another. Usually at football games. Curtis, we went to that computer school. That was crazy and so random. My oldest son Derek knew Justina at West. I guess they were friends at that time. I do miss those times when we would be at Tut's house all talking about school mess. We laughed quite a bit. Congrats to the BYU ballers. You all must be so proud. Thumbs up. I am still a Notre Dame fan though. Hahaha. Troop was a good friend and it looks like he was very proud of his family and his children and grandchildren. It's funny my grandson calls me Papa T. Troop is called Papa. Hopefully I bump into you in time. Once again sorry for your loss. He was Troop and I was T, and I am happy to say we were boys. His smile and laugh will be missed. I miss you all, and wish you the best. Love T also known as Traps . ■

- TONY TAFOYA AKA T

Sending my deepest condolences to the Glasker family. Im heartbroken for your loss. Trooper was such a character, he was fun, smart, charismatic and had that million dollar smile that could light up a room. He is gone way too soon, but i hope and pray that your memories of your time with him will bring you all comfort and peace... Until you meet again... God bless you all

- Kim (Kraus) Wright

My deepest condolences to Julious's family and friends. Although I don't remember meeting him i do know he was family. His father was my uncle to whom I've never had the honor of meeting. May he rest in eternal peace beside our lord and savior he will be missed greatly and he will continue to be honored to which he very much deserves. To his children...you will see him again. His memory is forever stamped in your hearts and dreams for all eternity. To my cousin....even though I don't ever remember meeting you we are blood. That in itself is never broken nor is it lost on me that I love you...and I am thinking of you and God has set a time where we will meet and bask in his glory..and in his presence we will thrive in his light and energy that will carry us through forever more. Love you..Doug
