Dear Joe, Natalee, Steve, Maryanne, Rachael, and Janet, I am so sorry for the loss of your sweet mother. She is such a wonderful person, who has done so much for so many people. I will miss her. I have so many fond childhood memories of her kindness and wisdom. I pray that each of you will feel the comforting arms of our Savior during this challenging time. That His Spirit will fill you with peace and love as your mourn. Most of all, that you can rejoice in the wonderful memories of the past and look forward to a future joyous reunion. Love, Christina

I just happened to notice the death of my friend and fellow medical technologist in a friend's' newspaper. We worked together at the LDS Hospital. We kept in touch for many years through our Christmas Letters. and enjoyed hearing about what was happening in her life and her family. I had no idea she had Parkinson's nor that Lynn and preceded her in death. How fortunate for them that they were apart such a short time. You were so fortunate to have such wonderful parents, grandparents, and all other relationships. I feel privileged to have known Juneil and will always be grateful for her friendship.
