Dearest Emily and family, Sending my deepest condolences and thoughts about your loss. Such a lovely woman- just like her daughters. My love and prayers are with you.

I knew your Mom at South High and she was always a beautiful, caring and fun person! She was so well liked and loved by those who knew her. A good friend to everyone, she made you feel good being with her! My husband went to school with your dad and what a great couple they made, so beautiful, so concerned with being Christ-like in their lives. What a wonderful legacy they left you!
