She was a wonderful person

- Dorothy

I love Karen so much! I met Karen later in her life, and was "The Dog Walker" to the snaggle tooth and adorable Mr. Foxy. He would greet me with the Zoomies, a wagging tail and happy jumps, to which Karen always got a giggle over. I loved sitting and chatting with her after my walk, and hear all sorts of interesting parts of her life. I know she was an inspiration to a lot of people and lived an honorable life. She was amazing! I'll miss her-love you Karen!
