

Karlene Lanae Bullock Ellisor

December 12, 1968 ~ August 8, 2021

I was so sorry to hear about Karlene's passing. I lived next door to the Bullock's when they were growing up. I've lost track of all of you, but the memories live on. My thoughts and prayers are with the entire family, at this time.

I am so very sorry for your loss. I have not been here for all that long, and did not know Karlene very well, but all I have heard is how amazing she was in every way, and that she was just a beautiful person. That was my

experience in my limited interactions with her as well. Karlene's loss is felt by everyone, but the impact to your family is of course staggering, and you have mine and my families deepest sympathy during this immensely difficult time.
