

Karna Broadbent Petuskey

March 23, 1927 ~ April 3, 2021

No matter how old a person is it is still hard to lose your mother. She was one of the most versatile talented people I know. She had a unique talent of weaving scarves, shawls, dish towels, etc. She gave many of them away. I admired her beautiful needlepoint on a chair that was in her living room; and she also had crocheting projects in the works. She always kept herself busy doing wonderful projects. Whenever I think of Karna, I will remember her as the lady with many talents.

Our condolences to Karna's family and friends. She was proud of her pioneer ancestors. She was an active member of Daughters of Utah Pioneers, joining in 1989, 32 years!

My condolences to the loved ones of this Dear Lady. She was the Librarian at West Kearns Elementary, I have thought of this special lady many times through the years, she made a difference in my elementary years and experience, I found every reason I could to spend time with her in the Library. She shared her love with for reading and kind, caring spirit.
