Tami and family, so sorry for your loss. Lee was a great friend and good dude. We worked together for several years and often talked about our kids and they're activities. He was a great father and he loved his family very much.

Lee Draper… where does one start? I hired him back in 1994 at Advantech, Inc. and did that man ever shine as such a great human being! I put him right up there with my dad, Tom Brewer, who passed away in 2012. Lee didn’t have a single flaw. What he did have was Honesty, Integrity, Commitment to work and family, and damn did I ever love our fishing trips to our family cabin in Wyoming with Harold Sullivan (another co-worker). I had so much faith in both of those men than on one fishing trip I told them both… if I ever have to go to war, I want to go with you two! And boy, did Lee love to fish… our river rafting trips never ended until the sun was down and of course Lee always caught the most! It was an honor in my life to be acquainted with such a great man and I wish all the best for the family. I’d love to pay them a visit on my next trip to SLC. Sending love and sympathy to everyone related and

acquainted with the irreplaceable Lee Draper.
