

## Katherine Ann Marriott

*January 13, 1952 ~ December 16, 2025*

---

I haven't seen her in years but she and I took many vacations together when we worked for Coldwell Banker and we sold enough real estate to be taken to Mexico, Arizona, California, and even Banff, Canada on group trips. She was always dressed to the hilt, with jangles, hats, feathers, a big smile, and huge personality. She was beautiful and funny and a big presence in a room full of Realtors which says something about her energy & appeal. My heart goes out to her family who Kathy talked about so proudly.♥■
