So sorry to learn of her death - my father was Joseph Rudelich

- Betty Rudelich Smith

I am so saddened to hear of Kathy's passing. Mrs Rudelich was my favorite high school teacher. I was in her child development classes in 10th and 11th grades. (1992-1993) I loved listening to all of the stories she would tell us about her children. She shared stories of her daughter's adoptions from India and the challenges of being a working mother. She left an impression, I thought she was so cool because she just told it how it is- she didn't hide or sugar-coat details of child birth. Everything I learned about pregnancy and child birth I learned in her class. She left a lasting impression on me, I have thought about her many times in the 30 years since graduation and wondered how her children were and if she was still teaching. I am sure I am not the only student she impacted. I am blessed to have been one of those students. I will never forget her. My deepest condolences to her family and friends.

I am still very sad about my dear friend's passing. Our childhood memories keep flooding my mind and heart as I'm sure your memories do too. So very grateful for those memories. My thoughts and prayers are with you and your family. Your love and faith will bless you through this difficult time.

I never knew she went to West, I was the West High School "child" Mascot in 1961! Mrs Rudelich was our Pep Club & INTRO Sponsor at South High 73-75 & we loved her! She was always expecting our best & encouraging us to

march better, straighter, kick higher, smile more but to always have fun! The 1975 INTRO group of "6", now "5", have been friends for over 50 years & she came & spent an evening with us in SLC a few years ago! We were happy to see her & all laughed & shared great memories from the past! This was a special memory we have of her, taking the time to be with us! We loved her! We are all sorry for your loss & know you will be together again. Peace be with you.

Lane, I am so sorry to see this. My heart is hurting for you. Kathy has always been such a bright, bubbly, happy person. I loved being around her. It was wonderful to see her just a while ago for lunch with all the "West High girls"! I will always remember the two of you together - never saw one without the other. Sending my love and prayers to you and your family.

I am so surprised to read this. Kathy was our Pep Club and Intro advisor back in 74-75 at South High School. We all LOVED her and thought she was an AWESOME teacher. She had such patience with us. Teaching that many girls I'm sure she had to. Just last August we had our 50th High School Reunion and she replied she would love to have been able to come. She was on our facebook Intro group and would post often on her travels. We will all miss her. We are so sorry for your loss.

Mrs. Rudelich was a phenomenal high school teacher! She was the best! I took a preschool class from her the 1998-99 school year and absolutely loved it. She is the reason I became a teacher myself and am on my 23rd year of teaching.

Hi Lane, I'm so sorry to hear about Kathy's passing. It was a lot of years ago (although it seems like yesterday) that we were driving home from Long Beach in a snowstorm and got home later than we planned. In those pre-cell phone days there was no way to let her know that we were fine and unfortunately, she was worried sick about what might have happened. She loved you and supported you in things that you did. She was an amazing lady.
