

Kathryn “Kate” Ellen McHenry

December 19, 1951 ~ February 6, 2024

Kate was indeed a gem! I met her while working for the National Guard and we became friends. We had some great dinners together and were always comparing/sharing recipes and books (she had the best book collection). Kate, you will be in mine and Leo's rosary intentions. May you have peace and comfort with the Lord.

Kate was a lovely person and such fun to be around. She is greatly missed. My deepest sympathy for her family.

When I met Kate, we instantly became friends through our love of books. Our friendship grew and she became family to me. We took several trips together and would spend the entire time laughing. And eating, because Kate was an amazing cook, of course! Those were some of my most favorite times. I miss her every day. Love you, Kate.
