Alan, I am sorry for the loss of your precious wife Kathy. I halve a good idea what it's like to lose a wife. My wife Kelly was the love of my life and I still miss her every day. I am sorry that I haven't stayed in closer touch. I would like to call you some time soon. Your old friend, DeWayne

I have lost a dear friend. Kathy was always there. Whenever we were going to be gone, she was always there to watch our home. She knew the cars each of our family drove so she knew who was suppose to be at our home. Kathy loved her garden.. Between the Greens on our East and Kathy .on the West, my work was cut out for me. I loved Kathy and miss her. "A friend is a present you give yourself." Robert Louis Stevenson
