Kay you will be deeply missed not only by your family but also your friends. I first met you in Danville when our sons became best buddies at school. We too became friends and what a wonderful one you were, in so many ways. We stayed in touch over the years despite living thousands of miles apart. I feel very honoured to have known you. Rest in peace my beautiful friend. Love Lizzie

I knew her as an example of being devoted to the Lord and her family. I send my sincere condolences.

Doug H. It is a joy to work with you at the church offices. Your kindness and care for others is appreciated. I am sad to hear of your mothers passing. What a beautiful tribute in behalf of her life. And what a beautiful "mom" to have dedicated her life and time to her children and grandchildren. Family. I pray and hope at this time you find peace. And feel the joy she must be feeling as she continues her progression in a beautiful new place. Awaiting the resurrection. Her job surrounded now by other family members who were excited to reunite and spend time with her now. The blessing of this earth life and the next. Is we are never alone. We always have been given a eternal family on both sides of the veil. Who bare us up and pray for one another. As to why ministering is a eternal word. Thinking of you at this sacred and special time.
