When my family moved into the ward in 1972 I found out they were having softball practice. So I joined them. I was surprised at how Kay could place the ball wherever he wanted to. We played a lot of church games together. He was also a good basketball player. We practiced a number of times in our ward. He was a good outside shooter. When he was the President of the White Tower Swimming Club he was very consciences of what the members wanted. He had some great life guards and they even had a swim team and that my daughter Nicole participated in. He was the best president of the club we ever had. Will miss his great knowledge of the scriptures. A great man

I'm sorry to hear of Kays passing, I worked with him for many years at Hercules/ATK and he was a wonderful person to work with or for. He treated everyone respectfully. We have lost a great saint and I'm thankful for my association with Kay. Dennis Bird

We loved Kay. He was one of the best men we knew. We always enjoyed his lessons and talks. He understood the gospel and applied it in his life. He and Ila were two very special people. I'm sure they are having a wonderful

reunion.

We love you
