My precious baby girl, you will be missed every day. You were my first born grand child and my firstborn granddaughter you mean the world to me and you will live in my heart forever and ever. I know you are up there in heaven and you are rocking that place. I can see you now. Everybody loves you and are rejoicing to see you. you fly high baby girl, one sweet day. I will see you once again and we will rejoice in his name and have the greatest party we've ever had. Love you my sweet baby girl, forever, and ever Nanny. (Jane Willis)
