We will miss this beautiful and talented lady. She was always fun to be around and talk with. We had some good talks about life now and hereafter. She is a beautiful daughter of God and we will meet again. Love to her and Richard and Alisha. We are always here for you.

I am a great fan of Kay's designs & painting patterns. I never had the opportunity to paint with her but would have loved to. Rest easy Kay, paint the skies with all of your wonderful designs.

I'm so sorry to hear of Kay's passing. She was a great friend and fellow painter. I took many classes with Kay and enjoyed her company at the many conventions I attended. You and her entire family are in my thoughts and prayers. Until we meet again Kay may you hold down the painting heaven.

Kay, always painted happy designs. I believe that was due to her happy life. She spread lots of sunshine. Loved all her designs. She is surely painting happy in heaven.

I will never forget "Aunt" Kay as we called her! Her love for art and beautiful paintings are a treasure and many continue to be displayed over numerous holidays in my home! Kay always had a smile whenever I'd visit her! You will truly be missed, give my grandma a hug! Love you
