November 9, 1970 ~ March 10, 2022

Dear Terry and Charlie, Mark let us know about Keith’s passing and wanted to let you know will be praying for all of you. I know it’s been many years since we’ve seen each other and hope you are well. There are no words, but have always found Psalm 46 to be of great comfort. Take good care, Barby

As my only son I will miss you greatly. Mom and I will always love you. I have great remembrances of our trip from Greensboro to Seattle. Beards and all. You were on your way to the Coast Guard assignment in Kodiak, Alaska. That was the best time we had together. I was blessed by your life. We love Jennifer and her daughters. RIP.

My sincere condolences to Keith's family and friends he leaves behind. Please gain comfort in knowing there are many of us in the Ranks trying to help our fellow Soldiers learn there are better ways to overcome the darkness that can pull at our mental state so deeply that suicide seems to be the only answer. We regret not having been able to help Keith in time, but he will help in ways we may never know to save others. RIP SFC
