We were saddened to hear of Keith's passing. What a beautiful service, and fitting tribute to Keith. We will always treasure our association with your family. Our thoughts and prayers are with you.

I was surprised to learn of Keith's funeral. I tried to sign in with Zoom after Kristi told me. It didn't work with my Facebook or Google information. I didn't know what the other site was. I have known Phyllis since she was a young woman. I love her and her family. It is hard to lose a loved one, but it is always a consolation to know they are free from pain and will be welcomed by loved ones who passed through the veil before them. Keith's mother-in-law and father-in-law were our best friends. Monte might be there to welcome Keith, also.

Dear Phyllis, I am profoundly sorry to learn of Keith's passing. My deepest sympathy. I had the privilege of knowing Keith. He was a kind man who will not soon be forgotten by those who kew and admired him. With love, Hilda

Dear Phyllis, Thanks for coming bye and letting me know of the passing of my dear friend. I will miss his visits. He was always genuine. I knew he cared about me and was always concerned about me. He always let me know when Salmon was on sale and would share his secrets on how best to cook it. Of course it had to be wild and not farmed. I enjoyed watching the 2 of you and the great respect you had for each other. You truly looked and acted

like best friends. Please don't be a stranger. I am truly sorry for your loss but it will only be for a short time. Come by when you need a pick me up. God will be with you.... I promise.
