Two of our children had Mrs Leslie and both adored her. And I loved working with her through the PTA. She was a beautiful woman and excellent teacher and I feel very lucky to have had a chance to know her. Thank you for sharing her with her students.

I remember Kelleen as always smiling (from her core). She had the most pleasant demeanor and was a joy to be around. Just being around Kelleen made one a better human. Thank you for touching my life for good, dear friend. Love you! ■

With hugs and sympathy to Fred and family on Kelleen's passing. She was such a sparkly lady and I loved spending time with her during the Pony Express convention. Remember the love and wonderful memories made over the years she'd want you to smile when you think of her. In friendship and caring always.

Kelleen was both smart and wise. I listened to her and took her advice. With her feet firmly on the ground, she lifted others with her fun-loving charm and her love for the arts. As a teacher leader, Kelleen was the facilitator for 3 cohorts of teachers who earned the arts integration endorsement through BYU. She helped teachers engage students in artful ways and gave teachers meaningful support, building our capacity and making us all better. She lived and taught with an open heart. I will miss my friend very much.

Mrs. Leslie was my fourth grade teacher 17 years ago. She was always someone I admired. I will never forget her beautiful smile and the kindness she showed to everyone. I had the privilege to also know her as a friend and confidant after high school and will always remember her advice and encouragement. She will be greatly missed!

Kelleen was so kind, loving, and generous. She was such a force of nature! It is not surprising what an accomplished and creative teacher she was. There was no one like her. I loved her very much. My heart aches for all of you. But I feel that she is still watching over you and protecting you. My love to you, Lisa

Kelleen was always so sweet to me when I was growing up in the ward. I was so sorry to hear about her passing. We were on our way back from an activity at some point and we got a flat tire and I remember how calm and

collected she was about it all as we all stood on the side of the freeway and worked on changing it out to the spare. She will be missed! Sending love and prayers to her family ■

Mrs. Leslie taught 2 of my children, both of whom loved her, especially my son, who was in her class 9 years ago. She was one of those teachers who changed his life. She trusted him to help keep all her computers up and running and by doing so, she instilled in him a great deal of self confidence and a sense of capability, both of which he has carried with him. In addition, he credits her with inspiring him with a desire to be involved in the arts and he was involved in many areas of the performing arts throughout all his subsequent years in school. I was in her classroom often that year, and I never saw her without a smile. It was obvious that she loved what she was doing and she especially loved the kids. She was a great lady and my family feels so blessed to have been a touched by her. Deepest regrets for your loss. She will be greatly missed.

- Shauna Estes

Having lived in her Ward for 40 years, I only got to know Kelleen the past few years after we became active again. My regrets are that she wasn't in my life sooner. She always greeted me with such kindness and compassion. Her smile and wit brought sunshine everywhere she went. We will miss you but know your have now gone to greener pastures. Sending prayers to her sweet family.

It has been years since I've seen Kelleen, I used to work with her husband Fred at American States Insurance and WML Insurance. I knew Dexter, Erin and her children. While at WML Insurance she was the kindest sweetest person I had ever met. Her beauty, resilience and kindness awed me in so many ways. I am so sorry for the families loss, it breaks my heart. I will never forget her, she was a small part of me. Heaven has welcomed another angel.
