I have been Kelli’s support coordinator for the last 14 years and I can’t remember a time when I went to her apartment that she didn’t give me a hug and tell me I was her favorite coordinator. She was always a joy to be around and she will be greatly missed by everyone. The last time I saw her she may have been a little confused, but she had a smile on her face and that is how I will always remember her. My thought and prayers are with your

family at this difficult time .
