

Kelly Reeder Sheffield

May 17, 1956 ~ November 4, 2024

I had many cases with Kelly and got to know him well. My youngest daughter had major heart open heart surgery when she was a year old. Somehow Kelly found out about it. He showed up in the waiting room at Primary Children's hospital shortly after they had taken her back to the operating room. I do not know to this day how he found us. The surgery was complicated and took a long time. He sat there with my wife and me for what seemed like the entire time it took to do the surgery. That was the kind of human being Kelly was. The world is a less kind place without him.

I am very sorry to hear this sad news! I got to know Kelly quite well as we worked as co-chairs on SCC at Bonneville the year we were transitioning and interviewing for a new principal. As the hours kept multiplying, Kelly was worth his weight in gold! He was always pleasant, hard working, professional, and keeping things light! I can only imagine what a great influence he was for your family each day! You will all be in my heart, thoughts, and prayers! Sincerely, Michelle Martinez

Kelly was such a wonderful and caring person. His love for his family and his daughters was apparent in the way he would talk about them - and the birds! He gave me great advice when I started as a prosecutor at the DAs office that I continue to share with other new prosecutors. He will be missed, but his legacy and name will continue to be shared as long as I am still around.

The defense attorneys who opposed Kelly in his prosecutor's role always found someone willing to listen to our side and remain present to our reasoned suggestions about how to deal with the case'; more importantly they realized the depth of understanding he had for the law, the victim and defendants and their families. His kindness to all was sometimes seen as a sign of weakness...but it wasn't. He could be and was forceful in the face of defendants who exhibited no mercy to their victims. We became friends and argued a lot...what I never told him was how much I admired his courage and strength as he faced so many challenges with the same understanding and grit. Kelly was a great man. However, his duplicity in showing up at Utah Football games in Red(except when that team down South was at Rice Eccles)...remains a blemish on a life otherwise honorably lived. Rest In Peace Kelly....

Dear Kim, Drue & Sarah, I knew Kelly when we were living at Raintree. Your Dad is a great man and I always remember him with fondness. I picture him & Brent having a really good time doing what ever it is that they are doing on the other side. What a wonderful reunion with all those friends that have preceded Him. My prayers are with you at this time. Have a wonderful celebration of Kelly's life because it is a beautiful life. Love & prayers Lee Goodrich
