I'm so sorry about the loss of my sweet uncle and your dad and grandpa. I have many fun memories of Kendall of when I was a little girl. I spent many summers down in Ephraim with the family and was Kendall always so sweet to me, well he was sweet to everyone, and he still is and was in his later years Last time I saw Kendall was at his home after we attended the open house at the temple in Tooele. It was so good to see him. He was in pretty good spirits. We had a really good visit. The last time I talked to him was when he was in the rehabilitation home after he took a fall. He was very discouraged. I loved Kendall so much. I'm sure you guys will miss him so much. I know I will. I know I will see him again because of the plan of salvation. I'm sure he's up there visiting with grandma and all of his brothers and sisters. I knew all of them except Devere and his other brother slipped my mind. Both of them were killed within a short time of each other when they were in their in their teens. It was very sad time for their family., especially sweet grandma who was raising her sons and daughters by herself. I can't wait to see Kendall and my dad and all of the family when it's my time to leave this earth. I'm so grateful for this gospel and for all the blessings living the gospel bring to us. I love my Heavenly Father. . I'm grateful for my family here on this earth. (although there was a few people that tried to change his name to Ken, he will always be known as Kendall to me.) I will always love you Kendall and have very fond memories of him and the times I spent with you.)

We have known the Olsens for many years. Our kids knew each other and had fun together at camps and Ward activities. They were great neighbors. We enjoyed many dinners and social activities together. We couldn't have asked for better neighbors than the Olsens. To Ryan and Jenny and their families we express our deepest sympathy and love through this difficult time of losing your Dad. Much love to all of you. ■■ Eddie and Jan

We lived next to the Olsen family for 20+ years and Ken was the best neighbor offering yard and house advice to first time house owners. What a handyman he was! He took pride in his yard and always had the best Christmas lights on the block. So blessed to have known him.

Dear Olsen Family--So sorry to learn of Kendall's passing. Kendall served as my Executive Secretary when I was called to serve as bishop of the Granger 13th Ward. He served faithfully and a man whom I came to know and love as a dear friend. I extend my sincere sympathies to each member of his family.

I was very touch for the kindness of Ken, my boss in West Valley City Treasury Department. I love him very much and I will always remember his kind words, the gentleman he was. Like him they don't come that often. So sorry that we did not know of his passing until today. My condolences to Jenny and Ryan and the rest of the family. I will always remember him.
