

Kenneth 'Kenny' Paul Anderson

December 7, 1970 ~ January 19, 2023

We are so sorry to hear about Ken passing. We were so sorry he was suffering so. He had the best , most loving parents anyone could have. He will be missed terribly. Rest In Peace.

My heart-felt sympathy to Ken's family. May Heavenly Father bless and confirm you all in this time of sadness.

Son, Dad and I will never get over losing you. You will forever be in our hearts. I still hear our conversation on the phone last week. I can hear your voice and remember every word. I will always hold it close in my heart. Dad and I will miss your weekly phone calls checking in on us, even though you were suffering so much. You'd always say, "I'm good, I'll be fine, don't worry about me" You may be gone, but you will forever be in our hearts. You are a part of us forever. You left such a hole in our hearts. We love you so much. We are so proud of your accomplishments but so happy you are at peace now and no more suffering. Love forever. Dad and Mom

Ken your incredible sense of humor and sarcasm could bring either tears or laughs. You loved Harley motorcycles, tinkering on cars, the outdoors, skydiving, 80's hair bands (even in 2023) and tormenting with your pranks. He really wanted those around him to enjoy the moment. He lived an adventure every single day and fought like hell to stick around. You will forever be my big brother and person I am so proud of. Ken, I love you and will miss you. Until we meet again, Sis

- Cherie

A larger than life persona, who touched so many lives. A big man with a big heart. He embodied toughness followed by his medical battle of resilience; you hung in there long enough for loved ones to visit. One day at the Hangar he stood in the center with full leather on and I called him King Gnar (Big Viking King) as he admired his new office. When I hear the song by Jimmy Dean, ' Big John '.... I now replace it with ' Big Ken ' here on out. Kenny, you have made an impact on my life that will last with me in this lifetime and the next. As the friend term 'Brotha' goes you have earned that. I shall always replay your voice in my head. Ride like the wind in the next life, make your mark up there. Thank you for your friendship, thank you for your loyalty and thank you for being you. Missing you, with love your friend Peter.

Pam and Paul, I am so sorry for your loss. I didn't know Ken, But it sounds like he was a wonderful man. I miss you so much. Every time I drive by your old house on Pearwood Circle it's you who lives there in my heart. Just know that you're not forgotten, and that you are loved. -Your friend, Jeanne Kluse

- Jeanne Kluse

Pam, I would love it. If you would give me a call when are these days. My phone number is 801–5 18–9854. Again I'm so sorry for your loss.

I remember Kenny as a child playmate. We were the same age. He was so beautiful and had such a magnetic energy. It is hard to believe that we were excited to come to this place called earth because we wanted to experience all that we possible could…. Feel all that we could possible feel and see. True creation is knowing that we can descend to the very depths of darkness and stilll rise to the very brightest light of love. I will always hold Kenny in my heart as a trailblazer who was indeed schooled in this human experience. He will always be a master at turning dark to light. I think he was so brave to choose his life experiences. Although his body succumbed, his spirit triumped over a life cut short. May he have an eternity rich in peace and adventure, and the wind be at your back, my friend■
