

Kent LeRoy Latimer

May 6, 1967 ~ August 19, 2024

Hi, I don’t know who will receive this message, if anybody at all, but I was one of the bystanders who did cpr on Mr. Kent. I want to stay anonymous but my family and friends call me Tito. I was at the Hyatt resort on my honeymoon when I heard somebody was passed out on the beach, I’ve been a Pramedic for about 2 years at this point and one thing I learned is that nobody just passes out by a body of water. I told my wife that I was going to check it out real quick just to make sure somebody was doing CPR and ended up doing cpr myself. I’m writing you this just to say I’m so sorry for your loss and I can’t imagine what all of you have been through but I hope through all the grief you were able to have remembrance of him and enjoy the memories that he made with your family friends and strangers. I hope you have a blessed day - Tito
