---

My deepest condolences to you and your family. Please know that my thoughts and prayers are with you and your family during this difficult time. Kevin always made me laugh every time he stopped by the pharmacy. He will be greatly missed.

I'm hearing of Kevin's passing only 10 minutes ago (12/9/2025). Being in the building code inspection industry, I was first introduced to Kevin nearly 28 years ago. He was spirited, broke the rules from time to time, but he was one of only a few footing and foundation contractors we knew should do things right, and even better in some instances. I knew Kevin well and was honored to call him my friend, and knew he respected me and what I was charged to do as a code official. The entire building industry lost one of the good ones. Prayers to his entire family at this time.
