My dear, sweet, loving, and beautiful friend. I will miss you so much. The memories we shared and made will always bring a smile to my face and be part of my heart. I love you, my May Queen sister.

- Beverley Shankland

From the days of Discovery to Surrendered Souls to Beautifully Broken (Sacred and Treasured), and all the dates in between that we shared, gracefully flood my heart as I think of you. The moments of love and wisdom you shared with me and the rest of us will forever be a blessing. I am so proud to have little pieces of art from your heart all over my desk. You are beautiful and so loved and will forever be missed. 20 years is a long time but went too fast. I love you Kim and will forever.

I will miss you Kim! You were one of a kind and I'm so sorry you couldn't continue with all the things you still wanted to do. Thank you for being there for me during my time of need and for being the best coworker ever. I love you!

I never got to meet you in person, but from the messages we exchanged I could tell what a truly wonderful creation you are and will forever be. My heart goes out to your family and friends that are navigating how to live this life without you physically here. But you have impacted so many people and your beautiful soul will continue to live in each one of their hearts, carrying a piece of you with them every day. May your physical body rest easy and your soul live and love forever. Much love for you and your family.

My deepest heartfelt condolences to all her loved ones left behind. Kim was a very special lady. The world was a better place because she was in it, she will be missed.■■■

My dear friend Kim- From the moment we met in the airport bathroom on the way to Brave Girls in Idaho, you took me under your wing. You gave so much love to so many people, including me. I will forever treasure our float down the river at Symposium. You taught me to just do it and feel the feelings. Today, as you are honored, I am crying as I prep my art - because you taught me art is healing. My love goes out to your children and grandchildren and Carl. Annie

Kim!! I was only in your presence a mere sprinkle of times, but when I was I felt like you knew me and I knew you. That was just your way. You always helped others feel welcome. Thank you. I felt your support and kindness through your touch. You were always so generous with it. Sadly, many will not have that opportunity as you were taken sooner than the rest of us were willing to let you go. This planet will certainly suffer your loss. I will miss you.

Kim, you where an amazing woman, you showed so much love and compassion, you knew when someone just needed to be held, hugged, or even a good talking too (with love), you will be missed.

What a beautiful tribute. Such a shame that the good ones are taken from us so early. You are an absolute treasure. The amount of good you spread through your short life is remarkable. So incredibly grateful for you and for everything you poured out into the world. So glad you are no longer suffering. Hoping you and my mom had a glorious reunion. You both are so missed. Love your guts!

Kim my beautiful friend I will miss you dearly. You helped teach me how to love myself. You always showed up for me with enthusiasm and no judgment. You had a profound impact on my life and I would not be the woman I am today without you. Thank you for the gift of your life and your love. I'll forever cherish you and try to live my life in a way that honors your impact.
