Vern; we were so sorry to hear of your loss, our hearts are with your family.

- Terry & Cindy Jones

Vern, I know we didn't have the best relationship when you were a Jordan High student, but I was just doing my job and you were just a fun teen-ager. I wanted to come to Krista's viewing, but will be out of town Wednesday and Thursday. My sincere condolences for your loss. I know a bit about the life challenges that cancer brings, so I hope the two of you had some fun together the last 8 years. I am so impressed that the two of you had 52 years together. It is not often that high school sweethearts enjoy that many years together. So as an old friend of mine always said, "Hang in there."
