Oh Aunt Kristie - I have so many great memories of you and your sweet personality. You were always so excited to have visitors had the best sense of humor. Hearing you laugh (and you were quick to laugh) would brighten any day. As a kid I remember you always having art projects going on, including creating structures out of popsicle sticks, and you were so proud to show everyone your work. I remember you hanging out with your many friends, and I loved visiting you when you would be working at Hardees. You were the best TV-watching pal - we watched so much Nickelodeon. I remember you laying in your "spot" in front of the TV - I think there was a worn area in the carpet from where you would lay. I thought it was a fun game to try to sneak through the living room (while you were watching TV) without you noticing - but you usually would notice and say "Linds!" You loved The California Raisins and I still cannot hear "I Heard it Through the Grapevine" without thinking about you. We love you Kristie and will miss you so much, and will think of you anytime we see the color orange.
