I will miss my dearest friend Tina! We have been best friends for 50 years!! She was my beach buddy, every summer at Avila Beach! My closest friend, we shared the joys of raising our children together! When life took us in different directions, we stayed in touch and spend our long phone calls to each other , always laughing together! She taught me how to organize a home, how to decorate a beautiful home, how to give a wonderful themed dinner party on a whim! She was smart, funny, witty and always Beautiful! I will never forget her boundless Compassion for everyone! Her care for me when I went thru Breast Cancer, her staying at the hospital with my children waiting for me to come out of 6 hrs of surgery! Taking care of me thru flu's etc. She was always THERE helping me or my family! I feel her presence around me now! I Love You, Tina

I am in utter shock right now. I can't believe my best friend in all the world, besides my sister Colleen, who passed many years ago, is now gone from this world! Tina's mom Lily, and my mom Bea, were in high school together in S.L.C., and through the years they both ended up somehow in Arcadia California, both pregnant with us! We share ALL our first 20 years together, birthdays, family vacations, endless weekends at each other's homes making paper dolls, learning to sew, (Tina's mom taught us), and playing endless 'fantasy' games that young girls are prone to, like putting beauty marks on our cheeks like Marilyn Monroe, or being 'roomies' at BYU. We did ballet and tap dance recitals together, road show theatre in church, and of course helped each other survive high school with our various insecurities. We were absolutely dependent on each other and I still have Tina in my dreams even. She was in my wedding and I in hers. She was my youth and I will always hold her dear in my ❤■ ❤■ heart. We even got lost together at 4 years of age, determined to walk home, only to get picked up by a police car! Tina got a spank for it, and I got hugs. Maybe she knew something was coming. We just recently texted several times sharing old photos and memories, and oh how she wanted to come back to Arcadia and see the old haunts! I almost got her there a couple of years ago, and she SO wanted to. It's not really sinking in yet, but in the coming days I will reflect and hold her so close to my heart. I'll miss you dear friend and hope we'll have a grand reunion one day!!

Our love and sympathy to Tina's family. Her passing was a surprise, but was not unexpected given her challenges in recent years. Though we will miss her, we recognize that she is now beyond the trials of mortality and can rejoice in reunion with family, her parents in particular. She was devoted to them, and provided much appreciated care for them over many years, for which we, her surviving siblings Jeffrey, Michael, Randall, Deborah, and Daniel are grateful.

I met Tina when her son Adam married my sister Laura. Tina had a way of making you feel instantly comfortable. As a somewhat socially awkward person, I can feel intimidated meeting and conversing with new people. Tina always made me feel comfortable and though we didn't see each other often she always remembered personal things about me and my family. I was lucky enough to give her a ride to her grandson Max's homecoming. She was cracking me up the whole drive down to Provo. I know I will see her again and I hope her children and loved ones can find peace and comfort during this difficult time.
