Such an amazing person and a great example of living the best life. I’m grateful for the times spent with Kris and condolences to all his family.

I have many great memories growing up with Kris, He was a very funny and adventurous kid! Some of my greatest teenage memories are getting into shenanigans and sometimes trouble with Kris! I wouldn’t change it for the world! I was able to watch him grow into a man and create a family of his own and I was always very proud of him for that! As we got older, we saw each other less and less but I wish nothing but the best for his kids and family, he will be missed a lot by so many people. I wish I had another chance to speak with him or see him in person. I’m sure a lot of people feel the same. Rest in peace Kris, Love you buddy! My condolences to the whole family especially Michele, Maegan, Ashley and Stewart, thanks for being such a big part of my childhood!

Kris was one of the most respected and knowledgeable leaders I have ever met. But his legacy is found in the kindness and humility that he displayed every single day. From those early days at Accela, right through his success with Velosimo, he remained a good-natured, humble man who always put friendship and people first. Kris lived life to the fullest, and through his example he inspired so many of us to live that way as well. Twenty-five years of working alongside Kris as both a colleague and a friend has blessed me with many fond memories of him as a devoted father and loyal friend. Rest in peace, Kris.

This is so unbelievable to us. I worked with Chris several years while worked at the City of San Diego Development Services Department on Accela and EPR Implementation. Such an innovative and technical knowledgeable leader. He is very supportive and solved our issues in few minutes. I am still at a lost, but want to express my gratitude and deepest condolences.

So saddened by this loss. Kris had such an easy, welcoming way about him—always friendly, always ready for whatever came next. Surfing with Kris was what brought us close together. He clearly left a positive impression on so many people and will be remembered fondly. Thinking of his family and friends during this difficult time.

I met Kris last year at Dr. Jake’s. I had many great conversations with Kris, even joined his Telegram group. He fought so hard. I am stunned that he has passed. I could tell he had such a zest for life. He was a great friend while getting our IV’s together. He will be missed. Take care, Andrea Bontempo

I have worked with Kris for 20 years. I recruited for some of his companies. I am devastated to hear of his passing. Way to young. So sorry for his family. A great man!

Kris was an amazing human being, I was blessed to work with and know. He was a true visionary, building innovative technology solution and products to make life better for cities, municipalities and citizens they serve. He was a fun guy, to hang out with and laugh and plan things with. Just learnt he is no longer with us. You are truly missed, Kris. For Kris’s family, friends and loved ones, my deepest condolences and prayers. Kris lived an amazing life.
