

David L. Smith

January 18, 1962 ~ June 16, 2020

Well that damn diabetes is just bad. I have three in my family now the latest is Aurora she’s seven now. I remember back When we were in Tennessee visiting Pete before he went to the Iraqi war, you went really low and we couldn’t wake you up and you said later when we talked that you watched us from a corner up in the room. You have done many things since that time. You fought hard Dave. Your children are great people. Have fun riding on that motorcycle again love you Shirley
