Our love and sympathy go out to your family. Robert and Kristen are our favorites. We love you

We are deeply sorry to hear about Uncle Larry. He was a truly wonderful man, and I am grateful he was part of our family while we were growing up in Salt Lake. I have many fond memories of him. He was genuinely a man without guile and was very diligent about gathering his family for scripture study—even on nights when we were visiting for sleepovers. ■ He loved his Coke, popcorn, and a good movie. I remember going to a movie with him and my cousin Robert in the middle of his workday. I always thought it was special that he would take time out of his day to spend with his son and nephew. He was an inspiring example of kindness, charity, and love. Until we meet again, Uncle Larry. Love, Kurt and Dorine

We have a hard time letting dear friends and family go. Venise, we send our love to you and our prayers for you. We mourn with you; however, we also confess to some excitement because our turn to move on to serving missions in the spirit world is not far away. We can again serve with the two of you. Do you think we could some times play games for little, fun respite periods as we did when we served with you? What an honor and privilege it was to be missionaries with the two of you.
