

Laura Hodge Moore Bateson

May 17, 1956 ~ December 10, 2025

Always so kind, a real beauty. Always responded to you with a detailed, kind, thorough letter. We will miss her gentle kindness and laughter. Love, The Fassios

I am so sad to hear this news! She was such a good friend to me... always! We would write to each other at Christmas and on our birthdays. I will miss her as will the world she touched. Rest in peace my dear friend!

Although I didn’t continue a friendship with Laura after graduation ’74, I can still remember her and especially her gentle easy going manner. True to herself and beautiful both inside and out. My deepest sympathies to her family and close friends. I’m sure she will be missed, certainly gone too soon. May she rest peacefully.

Laura was one of those rare people who no matter what happened in between life's moments, you could always pick up the friendship where you left off. She was truly one of the most inspiring, loving, kind, and beautiful people that walked the planet. Laura and I lived together in Salt Lake from February 1984 until I left in the summer of 1985. I moved her from Durango to Salt Lake. She had a great dog, Tico. To the Moore Family: I am so devasted by her loss to us and will always remember her fondly. Other memories I have are of several visits I made to see her where we spent my birthday together during spring break. I would come up and stay with her and ski and just hang out. These are truly some of my fondest life memories.

I was lucky enough to know her when she was in Seattle. She helped me out from my move from the East coast to Seattle. Wonderfull woman. God Speed Laura
