I am so very sad to hear this news. Laura and I were classmates at Wharton. Not only was Laura one of the most brilliant people I have met, she was also one of the kindest. This world has lost a beautiful soul, too soon and too suddenly. My heart goes to her family.

I worked with Laura for 15 years at ABS Capital Partners. She was such a pleasure to work with - wickedly smart, generous with her time and respectful of everyone's opinions while providing great advice. It is such a shock when someone so young and healthy passes suddenly and my heartfelt condolences go out to Thomas, Caroline and Sam.

Although I did not know Laura personally, I know how loved she was by the Waterford community of parents, students and faculty. May her family find solace and healing in her memories. My deepest condolences.

I am so sorry to hear of Laura's passing. We were classmates at Princeton, and I remember her as a kind and fun-loving person with a quiet intellect. May her memory be a comfort to all who loved her.
