What a bright star in this life, you lit up the sky with your smile. I am glad to have called you friend, and will read a good book in your honor. Your friend, Marshall

- Marshall Palm

I graduated with Lauren but didn't really know her. Very sad to hear this news; condolences to all her family members and those close to her.

I am so sorry for your loss. Lauren was always a bright star and will be so missed. She left too soon. My thoughts and prayers are with you.

I shared 4 years of high school CP (home room) and some classes with Lauren. We were friendly but not close, we didn't hang together. I got to see her again at a couple of high school reunions, and she was so fun, welcoming, and a joy to be around, she made me feel like we had been best friends during school, months rather than decades ago. I was deeply saddened by her loss, and I offer my condolences to Lauren's family and close friends. Lauren was a wonderful person and will be missed and remembered fondly by all who knew her.

I am so sorry to hear such sad news. Lauren and I were close friends in high school and college. She was so brilliant and beautiful and vibrant. It's impossible to think she is gone at such a young age. My heart goes out to Larry and all of her extended family, I know she will be terribly missed.

I'm so sorry for Lauren, her family and all her friends. Her smile says so much. I remember that from the first time I met her at Judge. We were not close friends but I remember her well for always being so kind and optimistic. I'm sure she prepared well and is being taken care of as she watches over those she loved. I'm sorry I can't make it to her service. I'll be thinking of her and sending prayers.
