My memories of Grandpa Morris are few but sweet and I'm sad we won't be there for his funeral. I'm grateful for all he has done for his children and who he influenced in them to be and subsequently how they influenced me. My love and prayers to them in losing a father. I love the Morris family!

I am so sorry for your loss, though it was his time to go. I have already booked my plane tickets for the 27th, or I would be there. Again, I send my love to the family. Aunt Linda

- Linda Moore

We love the Morris family! Full of talented, kind, and creative people who spend their time serving. We are sure that is in large part due to a wonderful patriarch. Our thoughts and prayers are with your family.

- Heather Dyches

I would like to express my sorrow and condolences for the family members. My experiences were limited with Lavelle, but I remember him being kind, supportive, and fun. He was a positive influence on me at a very formative time in my life. Best wishes and prayers for him and his family during this time of mourning and honor. .

Uncle LaVelle was so thoughtful, always considering my interests and encouraging me professionally. I remember telling him I didn't want to teach but to write, and he would save catalogs and other writing examples for me. I remember the blender experiments (I think he pioneered the smoothie), the Christmas village, and his beautiful tenor most of all. Love to all of you at this difficult time.

- Sandra

Our sympathies during this time of loss. We never knew your dad, but he has some pretty amazing kids! We sure love your family and our hearts go out to you.
