

Lawrence Kenneth Sayre

February 9, 1935 ~ December 4, 2020

I am so sorry to hear about Ken's passing. I met him through the Senior Center. I have grown very fond of his humor and friendship. We spoke the day he left the hospital. We enjoyed each others company. He loved to talk and chat about his family and grand life. Rest in peace my friend and keep smiling. Shelly

- Shelly Day

We have know Ken for over 20 years and we always remember him with a twinkle in his eye and a positive attitude. We are deeply saddened by the loss that your family have encountered. We are honored and blessed to have known Ken. Our condolences.

- Allen and Sherrie Waite

Ken and I have shared many wonderful hours together at the Midvale Senior Center, long after lunch time was finished! We laughed a lot, shared jokes and tried to outdo each other with the best stories. Guess you might say we were kindred spirits right from when we first met. Our mutual love of family, hard work, great food, music, dance, shared sense of humor and life in general bonded our friendship as we discussed his work, interest in holistic health, electrical work memories performed around the world and life-long friends he met through his travels as well as locally. His pride and love for his children, grandchildren and great-grandchildren were also beloved topics of conversation: their accomplishments, challenges, visits, activities, values about life...always concerned for their safety and happiness...grateful for blessings received. i will miss our car rides, dining out and long phone chats with my wonderfarkley swell friend! Loved finding out one of his favorite VA nurses was my niece, Kristie. Ken and I thoroughly enjoyed our discussions and excursions with great respect for each others opinions. He will be sorely missed by many others at the senior center for his generous friendship and genuine interest in the well-being of others as well as his daily breakfast meetings at McDonald's with his buddies. I extend my sincere condolences to his extensive family and know their heartfelt memories will carry them through any sad times ahead. May Ken's integrity, trust, love of life and fun-loving spirit bring you peace, comfort and joy. What a great and fulfilling life you have shared with us all! Rest well, my friend, and keep smiling...which in your case indeed make other's wonder what good and fun things you've been up to! Thanks for the memories! Pearl :)

- PEARL BELZER

I’m so sorry for your loss please let me know if there’s anything I can do.

- Jeff Derbidge

My condolences go out to the Sayre family. You have been great neighbors and friends. We remember Lawrence for his great contributions to our community.

- Michael Mecham

So sorry for your loss! At least he is in peace now. If you need anything we are here for you. We keep you in ite prayers at night. ■■■

- Pat Asay

We appreciate Ken's helpful suggestions for the electrical challenges when he came to our home in Layton; enjoyed talking about his work experiences and best options to move forward. His wonderful sense of humor and gentle observations about life in general were enjoyed by all. I am sure the heavens will be more enlightened (pun intended) as he shares his vast electrical knowledge and willingness to share and help brighten others. Our sympathy and condolences to the family as they celebrate a life well loved and well lived. Would love to hear how the family is doing. He shared a wonderful family legacy with all of you. God bless you all with wonderful memories and cheerful hearts!
