

Leah George Neslen

August 1, 1927 ~ April 13, 2021

Driving past the old neighborhood I thought about Leah. Sad to hear of her passing. Talking over the back fence, run-ins at the store were a big part of keeping in touch with the goings-on in our lives. I think it is important to mention that she was a part of a cadre of wonderful women that played important roles in our lives. Some worked outside the home, some were more than flamboyant, some made bread and jam but all helped keep watch on us three children. Leah was there. Always. Kind. Fun. And importantly always happy. We extend our most sincere condolences to you all. Kathryn, Kevin and Stuart
