

Lee Anna Yates

February 22, 1934 ~ December 13, 2021

Dear Bob and all my wonderful Cousins, Sending all my Love to you and to let you know what special place Leeanna has in my heart. She was always such a lovely cheerleader of everything I did and she was a beautiful example of a giving and loving Woman. I know she will be watching over all your future adventures and will be your cheerleader until you see her again. I know there are special hugs going on with her loved ones on the other side. Love and hugs to you all, Kristin

Bob You and Lee have been such great neighbors. We want you to know how much we love and appreciate both of you. Sorry we missed the viewing and funeral, but want you to know you are in our prayers. Jon and Colleen

Bob, I was shocked at the news of Lee Annas passing. She was a great neighbor to Jane and Me. I know somewhat of your grief; the pain diminishes but the emptiness remains. Thank goodness for memories, they are a great comfort along with photographs of family gatherings and all the good times. The services were beautiful, much love was obvious from your family. I wish you well Bob, let's stay in touch. Gary Sheffield
