

Lee Orel Lance

May 27, 1938 ~ March 3, 2022

Was not an easy thing to hear that Lee had passed. He was beloved by all of us who knew him. David knew that he was very tired, but didn't think things were as serious as they were. There was always a greeting and a smile for David. Lee knew how to include people and make them feel good. Our hearts go out to Jean and to your family. Lee will be so very missed. Love David and Kay Judd

- Kay and David Judd

Lee was well liked among his ping pong buddies at dimple dell. Lee always had something to talk about or an opinion about something. Right in the middle of a game, he would hold the ball, stop the playing because he had something to say. He was so proud to be older than most of us and could still play the game competitively and he made sure we knew it. He loved to play, but loved to talk even more. We will really miss him and loved him. Rest In Peace, from all your dimple dell ping pong buddies.
