

L. Kimball Lloyd

April 22, 1946 ~ October 3, 2025

We love all the wonderful Lloyd’s. What an honor it was to have Kimball deliver some of our children. We love and admire Kimball and Elaine. What an incredible legacy he is leaving behind. Thank you for loving our children and supporting our family in so many ways. XOXO

- Shannon Sundberg

I'm so sorry to hear of Dr. Lloyd's passing. He was my favorite doctor. He helped me with infertility and was there for all four of my children's births. He was a wonderful doctor. My prayers are with his family.

- Cheri Sagers

Kimball saved lives and loved people personally. Though his reunion in heaven will be joyful, his absence here is felt deeply. We pray for you.

- Pam Kimball Weilenmann

So very sorry for your loss. He was a wonderful physician ! He cared for us for our 4 boys. His first question to us on our first child near delivery was "how close to the hospital are you". He never had to work very hard for us, but we enjoyed his friendship and care every time he was with us. May you find joy in remembering the fun times and find solace in Jesus.

- Gary and Joyce Birrell

Dear Kimball is one of the most wonderful people I have ever known. He has always been an example of kindness, faithfulness, and friendship to me. As a doctor, he was tops! He helped me as an older patient, but more importantly, delivered several of my grand-children. Our whole family loves him and his family. We will miss him very much. We love you, dear Lloyd Family and send our sincere prayers and condolences to all.

- Connie Cloward

We met Kimball as he was often visiting Emma, Blair and the grandkids. We have always been impressed with his kindness, down-to-earth nature and warmth. We loved chatting with him in St. George, at one of the grandkids games or out on the Allen's front driveway. What an incredible father, grandfather and person. Sending the whole family lots of love and prayers for comfort and peace! Adam & Lori Hunt

- Lori Hunt

Dear Elaine and all the Lloyd family! My heart is with you at this tender and emotional time. I want to add my praises to Dr. Kimball Lloyd as a neighbor, friend, my bishop, my doctor and the one who delivered all three of my beautiful children by C-Section. He was always so supportive of me and made me feel like I was his favorite patient! He was always so kind to my parents as they aged. They lived in the ward with your family from the time you all moved in until they could no longer function at home on their own. But even after my parents moved in with me, Kimball and Elaine continued to be interested and loving friends. As I was growing up I was privileged to babysit Richard and Lesa a little and admired and looked up to your family so much. Then as I got married "Bishop Lloyd" interview Jim and I for our recommends and when we started our own family it seemed perfect to ask Kimball to be my OBGYN. One memory I would like to share was when we had our first baby. In labor, I was struggling to deliver our little one and lost a lot of blood, my frightened husband sought to give me a blessing before the emergency c-section and he was so comforted that Kimball not only was an amazing and trusted surgeon, he was also a worthy, faithful and inspired priesthood holder who could assist in this ordinance. Kimball performed a successful C-Section and though it had been a rough night we were soon the proud parents of a health 9 pound 1 ounce baby girl. The next morning bright and early we were totally exhausted and certainly looked it when Kimball came in to check on us. With his "big picture" perspective and genuine sense of humor, he seriously looked as us as new parents and said... "Well, are you going to keep her?" Surprised, we said... "Of course we are going to keep her!" Then with his engaging grin and twinkle in his eye, he said "Good! Because the operation to put her back is even worse!" How we love this wonderful man and his ability to make you smile and feel good just being in the same room. Our deepest condolences at his early return to Father In Heaven, but how grateful we are that this isn't the end, only a short separation. God bless you all, Lisa

- Lisa Nordgren Hanson

I loved Dr. Lloyd! As his patient years ago, he was always attentive, kind and respectful to me during my pregnancy and gynecological visits. He delivered only one of my children (his awesome team members delivered the other two), but his skills, conduct and presence in the delivery room was extraordinary, and much appreciated by my husband and me. My thoughts and prayers are with his family and friends at this difficult time. Lori Crosgrove

- Lori Crosgrove

I knew him as Dr. Lloyd. I worked with him in Labor and Delivery at Cottonwood Hospital. He was a very good doctor and an exceptionally kind man. He was respected and liked by everyone in L& D and will be greatly missed. My husband David knew Kimball at East High, and was a friend of his there. We would both like to offer our condolences to the family at this time. We are so sorry for your loss.

- Sherrie Simpson

Dear Elaine and family, we learned of the passing of your beloved husband just recently. We extend to you and family our deep sympathy and condolences. We have traveled down similar paths in medical school, residency and private medical practice. All of our contacts with Kimball have been kind and courteous and uplifting. We admire him and his family and the wonderful qualities of the spirit that he has. May God be with you at this tender time and bless you with peace and joy. Sent with love by Dennis and Nancy Hughes.

- Dennis and Nancy Hughes

I am so sorry to hear about Dr. Lloyd's passing. He delivered my first two children. He will forever hold a special place in my heart! Our first daughter was stillborn, and I will never forget the words he spoke to my husband and I, and the comfort it brought to us! He spoke about the Plan of Salvation and shared how he had lost a child as well. While waiting for family to come to the hospital we didn't feel alone because he was there comforting us. He was there for us when we desperately needed someone and he turned us to our Savior, and for that I will forever be grateful!

- Kelsey Fredrickson

Dear Elaine and Family, I just happened to come across Kimball's obituary and want to tell you how sorry Blaine and I are for your loss. We've always thought so much of you and Kimball--you are a wonderful example of Christ-like living. We've missed your family and the neighborhood since we moved almost 22 years ago but have thought of you often. I wish we'd known of Kimball's passing so that we could have been there to show our love and support. Blessings and peace to you all. Marilyn and Blaine

- Marilyn Bushman-Carlton
