Liam, you will always be in my heart. I have loved you since the day you were born and I will love you forever. I will remember the beautiful moments I had the chance to share it with you. It hurts very deeply to know that you are gone. I miss you, but I know I will see you again one day and that I will have the opportunity to hug you again. Love you, Karen

Nuestras más sinceras condolencias a la familia de Lyam. Dios lo tenga en su gloria. Aunque no conocimos personalmente a Lyam estamos seguros que era un joven maravilloso y amoroso con todos los que lo rodeaban. No podemos imaginar el dolor inmenso que su familia y amigos más cercanos están sintiendo. Vamos a rezar por su alma. Dios bendiga a Lyam.

I'm so sorry for your loss, he seemed like such a bright and funny kid. I just lost my brother a few weeks ago and know that death can be rough. Especially when it happens to those who don't deserve it. I wish you guys the best going forward. I know this isn't much, but I hope it's enough to help you get through these rough times. Also, he had great music taste, there was a lot of songs that he had saved that I also have on my playlist. You guys raised him right. Our condolences from my family to yours.

There's no answer to the terrible anguish that a parent must feel to lose their only child. I know without a doubt that Liam's heart was too big for this world, and God needed him, and we selfishly want him back. He made me feel so loved whether it was playing the piano, teaching me Minecraft, throwing the football, and other things that he was so ahead of his age. I remember having a big contract in Phoenix on a hi rise building, and while I was operating the 150 ft machine, Liam called me, and gave me comfort. I know he is with Grandma and Grandpa, and his uncle playing the piano, and showing them all of his amazing talents. I hope, and pray that Kyle, and Ines will somehow, some way find the strength needed to manage this agonizing loss. This simple Bible verse resembles everything Liam lived 1 Corinthians 16:14: "Do everything in love!" I hope that we can all live up to that standard. Peggy, and I will always be here for Kyle, and Ines in whatever way we can. There's nothing more painful the two of us have ever had to endure than learning of this tragic incident. We will never understand what Kyle and Ines are feeling. Just know we love you two so much, and wouldn't be where we are at without the love of you two. You two are the best examples we have in our lives.

Liam lived up the street from me and we were friends in elementary school. I remember going to the movies with him and making funny Lego videos at his house. He was so kind to everyone and always made sure everybody was included. I remember him still waving to me in the hallways before he went online. My condolences to his sweet parents and family.

I'm honestly shocked- sending my condolences to the family. Liam and I haven't talked much since sixth grade, but we had birthdays in the same week and he was always sweet enough to text me every year to wish me a happy birthday and ask what I did. He was funny and incredibly smart- Rest in peace Liam

Liam was one of my first friends at mountain creek. I honestly cant believe he is gone, this is a very tragic thing to hear about and I send my condolences to his family, teachers, and other friends he's made from me and and those who knew him at mountain creek. Rest in peace buddy, I will never forget the amazing things you have done to bring me and others joy in life! KIA!!!!

Liam was one of my friends at Mountain heights. I just heard about his passing this month in June because I got pulled out of online and went to in person. I'm so sorry for your loss. Liam was really funny and sweet. Me and him would stay up until like 3 am texting. He was so amazing to talk to. Sad I never got to see him in person but the memories still count.
