My dear Cousins: Googet ((Elaine) cries with you as we miss our precious Mavard (Lilia). These were our childhood playhouse names for each other as we pretended to live a fantasy life in the back garden of Kentucky Ave or 33rd Ave. I miss her so much and wanted to be with her to celebrate our 96th birthdays together.. Lilia came here first, so I guess it's only fair that she gets to go to a wonderful new existence first. I cry with you.and Love you all. Elaine
