

Lillian Aldrich Smith

April 16, 1932 ~ August 1, 2023

It was truly my honor getting to know Lillian, the life lessons she taught me will not be forgotten!

Some of my most cherished childhood memories are of countless days spent with my best friend, Karen, at her house on Halick Court in East Brunswick. "Mrs. Aldrich's" radiant smile always made me feel loved and welcome... like I was part of the family. I only hope she knows how grateful I am for those years and, mostly, for giving me the sister I never had. I love you, Lil.

Billy- I am so sorry. Your mom was a special person. A kind soul that always made me feel welcome. My heart goes out to you and the family.

Lilian was a dear friend whose path I crossed later in her life. We had the joy of doing many fun things together and I loved listening to her remembrances of growing up as a child in New York. I think of her with great love and know how much she loved her family!

I am so sorry for your loss. I knew Lillian from All Saints and we connected right away and prayed together. She always went out of her way to greet with her Beautiful smile, Beautiful Woman!!! We had a lot in common as our engaging conversations were Sweet,deep and light with so much Love between us. Blessings, Prayers, Comfort and peace to her family and friends. I will miss you Lillian! My grandma "E", my angel on this earth and now in heaven. I would not be who I am today without your unwavering love, support, and kindness. You taught me so much, but mostly how to care and be there for others. You taught me how powerful love can be. You were always there for me no matter what. You never missed my school activities, my games, my graduation, my wedding...you were always there, without judgement, with love and support.You will always be my guiding light! When it's my time to leave this earth, I hope you're the first one to greet me!

There are not enough words to describe how much gratitude and love I have for this beautiful lady. When our Dad married Lillian we became part of a warm and loving big new family. Lillian lovingly embraced us all. I feel so fortunate to have lived close by for so many years. She was there for us always. We thought of her as an Angel on earth then … and an Angel she is now flying with those who left before. What a joyful reunion it must be! Love you forever - Lilly! Thank you for always being there for me and for the cherished times we shared.
