

Lina H. Dudley

March 22, 1920 ~ November 12, 2020

Tan linda siempre; nunca la olvidare a ella, su sonrisa, el modo que le gustaban postres (este es para Tommy) y su risa. Que gran vida tuvo y fue placer conocerla por 30 de sus 100 . Que descanse en paz con su Tom y Janey

Queridos Bessie y Tommy, nuestro cariño y mejores recuerdos de tía Lina. Su partida plácida esperamos los reconforte y que su vida que recorrió un siglo los vaya acompañando siempre. Un gran abrazo de Consuelo, Antonio y Claudia

Bessie and Tommy, know you are hurting and missing Tia Lina. Death is hard, but we have to look at it as their journey home to other loved ones. Hopefully, she did not suffer before leaving you. She had a good life and a LONG one. Boy, Bessie, you got hit with the genes for longevity-her and Grandma both very old. I had not seen my Tia Lina in many years, but remember how much I loved her and liked being around her when we were younger. I looked forward to your yearly trips to the States. She brought me that puzzle ring from Peru one year. I was so proud of it and then one of my kids took it apart and I couldn't get it back together. Also a beautiful red and black sweater of llama wool that I took from Mom and wore through high school. I still can hear her telling me "don't make faces like that, you will freeze that way" if i cried. Tommy, we were probably closer in high school, too, when you were at Farragut's and we pen palled. I always felt bad for you to have to go away to school and not be with family. I didn't know Janie that well as she was younger than me-heck, only one of us cousins older was Tommy T. Bessie, I still haven't figured out why two Bette(Y)s and an Elizabeth. Mom said Grandma wanted that name. Grandpa's mom was an Elizabeth-maybe there. I love you both and will keep you in prayers .
