To The Burke Family and friends of Linda, It is with sincere sorrow to know of the passing of dear Linda. I had lunch with her less than two weeks ago where we talked and laughed and reminisced over our 30 years of friendship. Her friendship was lasting. She was always kind, thoughtful and had an intuitive spirit. Others came before herself. Her life was one with the Savior. Linda exercised faith in Him, learned and lived His teachings and easily testified of His ministry, miracles and majesty. She knew and displayed lovingkindness. She was an exemplary disciple. I am a better person having Linda in my life. She loved me and told me so. As we departed from lunch that day, I am grateful she knows how much I love her, too. Most sincerely, Mimi Stewart

I was shocked to hear about Linda's passing but glad she does not have to suffer anymore. My condolences to her family! I will never forget the day I met her in 2006. I was privileged to help her with my German skills until she retired. She was always very kind and I loved and appreciated our association! She will be missed!
